25X1C

The next two pages are [REDACTED] information from the Department of Labor and Health of the Greater Berlin Magistrat, [REDACTED]. The following figures are shown for [REDACTED] number of unemployed, divided according to sex, degree of employability, and skills; the number of people receiving unemployment insurance and the total amount paid out for that purpose; the number of work and road accidents; also the total number of (106,398) and sex of those unwilling to work. Except for 1,138 men they are all women with home responsibilities.

25X1A

The next page is the ~~formal submission~~ Economic Department's formal submission of the Magistrat proposal Number 659 [REDACTED] for adoption of the [REDACTED] Berlin Economic Plan.

25X1A

The remaining 25 pages are photostats of the [REDACTED] Berlin Economic Plan, dated [REDACTED] including a preamble which explains and expands on certain points in the Plan. The Plan is presented in twelve sections: Industry, Investments, Agriculture, Transportation, Post and Communications, Manpower, Costs in People-Owned Enterprises, Hand Trades, Municipal Enterprises, Health, Youth, and Culture. Most of the Plan is in broad terms. Such statistics [REDACTED] are included are usually in percentages. In several cases specific plan projects are listed individually.
